Cumberland County Planning Commission Seeks New Members

Cumberland County, PA - The Cumberland County Planning Commission (CCPC) has announced that it is seeking county residents to fill vacancies on the Commission for 2017. The Commission's mission is to partner with urban, suburban, and rural communities to implement plans that promote economic development, provide more housing and transportation choices, and protect clean air, land, and water. Core objectives include the protection and preservation of our natural and cultural heritage to include open space, greenways and farmland preservation. Citizens interested in serving on the Commission must be a resident of Cumberland County and will need to complete an application and submit a one-page resume for consideration. CCPC members serve a 4-year term and must be able to attend the Commission's monthly meetings that are held at 7:30 am on the third Thursday of each month.

A subcommittee of the Commission will review applications, conduct interviews, and recommend a slate of potential members to the Cumberland County Board of Commissioners, who are responsible for making final appointments. Experience in planning is helpful but not required. Appointments are made with respect to the applicants' interest in serving, diversity in background, and geography of residence.

Application materials are due to the Planning Commission Office by November 14, 2016. Membership applications and information on the Commission's activities can be found on the Commission's website at www.ccpa.net/planning. Hardcopy materials or additional information regarding the appointment process can be requested by contacting the Planning Commission Office at 240-5362.
