Cumberland County Aging & Community Services Programs Seeks Volunteers

Cumberland County, PA - Cumberland County Aging and Community Services currently has several volunteer opportunities available. By volunteering just a few hours of your time each month, a tremendous difference can be made in our community. Volunteer training and continuing education is provided. Volunteers are needed in the following programs:

Ombudsman – An impartial representative/advocate who visits residents in long term care facilities to educate, empower and insure quality of care. Training for this program will be held in September.

APPRISE/Medicare Counseling Program – Counselors provide assistance with questions and concerns regarding insurance programs including Medicare, Medicaid, Supplemental Insurance, PACE and other prescription programs. They also provide counseling to clients concerning their options when choosing supplemental or long term care insurance. Volunteers are needed during Medicare's Annual Open Enrollment Period. Open enrollment is October 15th to December 7th.
