Cumberland County Proclaims Preparedness Month

Cumberland County, Pennsylvania– The Cumberland County Board of Commissioners proclaimed September as Preparedness Month in the county during their public meeting today. This is Cumberland County’s 8th year participating in this nationwide initiative that promotes personal, home and disaster preparedness during the month of September.

The Cumberland County Department of Public Safety (DPS) will spend September presenting various disaster preparedness programs to groups around the county as well as providing preparedness tips and statistics on their various social media sites. National Preparedness Month is also a great opportunity for businesses, community organizations and residents to make sure they have an emergency preparedness plan in place!

National Preparedness Month is sponsored by the Ready Campaign, a Homeland Security initiative to Be informed, Make a Plan, Build a Kit, and Get Involved. For more information on this program visit www.ready.gov. For more information on Cumberland County’s preparedness efforts visit www.ccpa.net.
