***Commissioners Recognize Founding Agricultural
Land Preservation Board Member***

Cumberland County, PA- The Cumberland County Board of Commissioners recognized Donald H. Mowery for his years of dedicated service to the Cumberland County Agricultural Land Preservation Board. Mowery recently announced his retirement from the Board after 25 years.

Mowery was a founding member of the Agricultural Land Preservation Board and served as the contractor representative. Mowery functioned in various leadership positions during his tenure including Chairman of the Board. During his time of service, the Board has seen over 16,000 acres of farmland preserved in Cumberland County as well as various changes to the Program and the agricultural community itself.

The Agricultural Land Preservation Board is responsible for overseeing implementation of the Agricultural Conservation Easement (ACE) Program. The purpose of the ACE Program is to protect viable agricultural lands by acquiring agricultural conservation easements that prevent the development or improvements of land for any purpose other than agricultural production. For more information on this Program visit www.ccpa.net/farmland.
