***Cumberland County Sheriff's Office Releases Year End Fugitive
Facebook Page Numbers***

Cumberland County, Pennsylvania– Last Spring the Cumberland County Sheriff's Office began an aggressive social media program in hopes of finding a new tool to aid them in the hunt for wanted individuals. With over 6,500 followers on Facebook, the rapidly growing program has been a popular and successful one with tips coming in from the public on a regular basis.

In 2014 the department profiled 352 wanted individuals on Facebook and successfully located 203 of those profiled. The finding of these 203 individuals resulted in the collection of over \$35,000 in fines and fees. The department is continuing the program in 2015 and hopes to see these numbers grow.

The Cumberland County Sheriff's Office is encouraging citizens to follow these new accounts and assist in their efforts to bring fugitives to justice in Cumberland County. Visit Facebook (www.facebook.com/pages/Cumberland-County-Fugitive-Unit) and join this crime fighting initiative!
