***Transitions at Claremont Celebrates 2nd Anniversary***

**Cumberland County, Pennsylvania** – A reunion was held this week at Transitions at Claremont, the dedicated short-term rehabilitation unit, located at Claremont Nursing & Rehabilitation Center in honor of the second anniversary since its grand opening. The specialized state-of-the art rehab unit opened in March of 2015 to provide quality skilled nursing and therapy services to the community. Patients who have completed their short term rehabilitation care plan were invited to attend the event to share their experiences during their stay at Transitions and reconnect with the nursing and therapy professionals. The event included entertainment by local musician Tom Edmondson and refreshments for guests to enjoy.

The reunion emphasizes patient care is not over once a patient has been discharged. With the Transitions of Care Program, scheduled follow up appointments are offered post discharge to monitor a patient's progress at home. Transitions at Claremont focuses on short term care with a long term impact!

Transitions at Claremont has a comfortable atmosphere consisting of 39 beds offering each resident their own flat screen TV and WiFi access. Residents enjoy dining and activity areas separate from Claremont's general population, as well as their own private entrance and courtyard areas. Physical, Occupational and Speech Therapies are provided seven days a week as well as registered dietitians, a wound care RN, Therapeutic Activities and Chaplain services.

For more information about Claremont Nursing & Rehabilitation Center and Transitions at Claremont short term rehabilitation care visit [www.ccpa.net/CNRC](http://www.ccpa.net/CNRC) or call Helen Schultz, Admissions/Marketing Director at 717.240.1963 to schedule a tour.
