### ***Cumberland County Commissioners' Recognize West Shore Bureau of Fire***

**Cumberland County, PA** – The Cumberland County Commissioners recognized members of the West Shore Bureau of Fire (WSBF), Company 13, today on the ground breaking for their new fire station. The Commissioner's presented a proclamation of special recognition to Dennis M. McGee, Lemoyne Borough council member, to commemorate this achievement and to thank the WSBF for their more than 100 years of service to the Lemoyne and Wormleysburg communities.

The fire company broke ground for their new facility at 610 Herman Avenue, Lemoyne, on August 1, 2017 and anticipates its completion in the spring of 2018. The new fire station will replace the existing station at 362 Herman Avenue and will provide expanded bays for firefighting apparatus, additional work areas, conference and meeting space, and a training room.

For more information on the West Shore Bureau of Fire, visit their website at <http://wsbf.org>.
