### *Transitions Rehab Celebrates 3<sup>rd</sup> Anniversary*

**Carlisle, Pa.** – Three years, 863 residents and a five star rating; Transitions at Claremont, the dedicated short-term rehabilitation unit at Claremont Nursing & Rehabilitation Center, is celebrating its third anniversary of serving the local community this month.

“We’ve seen significant success with Transitions during the past three years,” said Bob Ritter, CNRC administrator. “This unit brings the care Claremont provides full circle. Whether needing long term, specialized nursing or short-term, we can meet the needs of you and your loved ones.”

“Claremont’s five star rating, the highest possible, was recently reaffirmed by the Centers for Medicare and Medicaid Services, which speaks volumes regarding the care our residents receive,” said Vince DiFilippo, chairman of the Cumberland County Board of Commissioners. “The Claremont staff show their dedication everyday through the exception attention our residents receive. The success we’ve seen with Transitions is yet another testament to the quality of care we provide.”

Transitions is a 39 bed unit, offering living, dining and activity areas separate from CNRC’s long term care population. With highly trained staff and seven day a week therapy, Transitions focuses on quality care that will take its residents from hospital to home as quickly as possible.

Established in 1829, Claremont Nursing and Rehabilitation Center, named a five star facility by the Centers for Medicare and Medicaid Services, is a community-based skilled nursing and rehabilitation center with an open admissions policy. The 282 bed facility provides advanced therapeutic nursing care for a variety of needs, a state-of-the-art dementia unit and a dedicated short term rehab unit.
