### Cumberland County To Move To Green Phase Friday, June 12

*“The reopening procedures, and final schedule for the opening of all county offices to the public, will be announced next week,” said Eichelberger.*

**Carlisle, PA** – Cumberland County will be moving into the Green Phase as part of the Governor’s plan to Reopen Pennsylvania on Friday, June 12, 2020 at 12:01 a.m. The Cumberland County Board of Commissioners will announce its measures for a safe reopening process of county government operations next week.

“Our mission is to ensure that the procedures we put in place for county government will continue to keep our residents and employees safe during the green phase,” said Cumberland County Commissioner Gary Eichelberger. “The reopening procedures, and final schedule for the opening of all county offices to the public, will be announced next week.”

Throughout this crisis, Cumberland County has maintained close and productive relations with the Pennsylvania Department of Health, PEMA, as well as ongoing communications with Governor Wolf’s Office.

#### How to work and live in the Green Phase:

The green phase eases most restrictions by lifting the stay at home and business closure orders to allow the economy to reopen while continuing to prioritize public health. While this phase will facilitate a return to a “new normal,” it will be equally important to continue to monitor public health indicators and adjust orders and restrictions as necessary to ensure the spread of disease remains at a minimum.

#### Work & Congregate Setting Restrictions

- Continued Telework Strongly Encouraged
