### **Carlisle Area Phone Outage**

**Carlisle, PA** - The Carlisle area is currently experiencing a phone outage of ten-digit calling, including the ability for the Department of Public Safety (DPS) to receive non-emergency calls for assistance.

Residents who need *non-emergency* assistance from fire, EMS and law enforcement services in Cumberland County are encouraged to use 9-1-1 until the phone services are restored.

The Cumberland County Department of Public Safety will continue to provide updates on this situation and will advise when we are made aware of the phone systems being restored.
